On Friday, June 17, 2022, 11.00-13.00 CET, Canary Wharf Consulting is hosting the event "Promoting global citizenship education in schools", organized within the European Erasmus+ project "Politeia" that seeks to promote global citizenship in European schools.

Marking the end of this 2-year project, the event will provide an opportunity to present the work done, such as the global citizenship course that was designed for teachers, researchers and educational authorities, and the e-learning platform that was developed. During the event, we will also discuss successful practices in promoting global citizenship in education.

Topics to be addressed include:

- Empowering teachers through activities and tools for managing diversity in the classroom
- Intercultural Consciousness
- Enhancing the inclusion of students of all ethnic, religious and social backgrounds through the creation of a safe space

The event is addressed to teachers and educational support staff, school leaders, policymakers and the wider school community, and will be hosted in English. Certificates of attendance will be provided to participants.

A few words about Politeia

POLITEIA is an Erasmus+ project that aims to address the gap in the provision of global citizenship education in secondary schools, and to support teachers to promote and integrate global citizenship in their teaching, in the U.K., Greece, Portugal, Slovenia and Cyprus. The project has built an innovative, tailored training course addressed to teachers to allow them to confidently bring global citizenship issues in the classroom, integrate its themes and values in the citizenship course or across curricula and ignite students' interest in global citizenship.
